

BEVERAGE SOLUTIONS

You'll find our level of customer service more refreshing than the industry standard.

Many of the nation's largest manufacturers and distributors of non-alcoholic beverages such as tea, fruit juices and concentrates, soda, energy drinks and smoothies trust JTS to coordinate the movement of their products throughout the supply chain.

Longevity and experience you can trust

A third-party logistics provider, licensed property broker, licensed ocean freight forwarder and NVOCC, JTS has been in business since 1971, so you can depend on our experience, financial strength and soundness.

Service excellence with personal attention

We provide friendly, personal attention 24/7 as we respond to your questions and any issues that may arise. Our team of experts help protect your non-alcoholic beverage shipments and simplify the process with every load you entrust to us:

- Monitor all pick-ups, convey loading instructions.
- Maintain contact with carriers to confirm your freight arrives safely and on-time.
- Negotiate the best carrier rates possible to increase your profitability.
- Support and enforce your seal policies.
- Simplified billing, claims filing and processing.

Customized, multi-modal freight options

We offer individualized freight solutions to meet your domestic and global logistics needs:

- Full Truckload
- Rail Intermodal
- Import/export
- Transloading
- Less-than-Truckload
- Air and Ocean freight
- Drayage
- Cross-docking

Only qualified carriers move your shipments

You can trust that only qualified carriers are moving your freight. Our Carrier Relations team pre-qualifies all carriers before loading:

- Verify operating authority and carrier insurance.
- Check safety ratings and references.

As a CargoNet member, we track fraudulent activity in the marketplace to safeguard your freight from theft and fraud.

- Won *Best in Cargo Security Award 2018* (Mid-size Broker)
- Won *Best in Cargo Security Award 2016* (Small Broker)

Continuous development and investment in technology

At JTS, the evolution of technology is always moving forward. We make investments to offer the most advanced features possible.

As a value-added benefit of partnering with JTS, we offer our cloud-based TMS, **arriviture**®, to our customers at no cost. The system is powered by MacroPoint®, project 44®, SMC3®, CLOUDFLARE®, Atmosera®, PCMiller®, DAT®, and Microsoft® Azure™.

Customers gain instant access and visibility into their logistics communications any time, any where. Users can get instant rate quotes, enter new orders, track shipments, consolidate shipments, run analytics reports, manage shipping documents and view invoices for Truckload, LTL, Rail Intermodal and trace International freight.

arriviture®
