

FOR IMMEDIATE RELEASE

### ***Food Logistics Magazine Recognizes JTS as 2022 Top Software & Technology Provider***

**Fresno, CA – December 15, 2022** — JTS (Johanson Transportation Service), a leading third-party logistics provider, announced that *Food Logistics*, Johanson Transportation Service as one of the winners of its 2022 Top Software & Technology Providers award, which honors software and technology providers that ensure a safe, efficient, and reliable global cold food and beverage supply chain.

*"We are honored to be recognized by Food Logistics for our technology advancements over the past year," says President/CEO Larry Johanson. "JTS' proprietary arriviture® TMS has evolved into a feature-rich technology tool that doubles as a supply chain platform. In support of our customers' logistics operational efficiency, we offer the technology for their use to identify trends and analyze performance metrics such as fuel costs, shipment volumes, carrier spend, heat maps, lane maps and cost per pound distribution. They also can create orders, get rates, trace shipments, and manage billing all in one tool as well."*

This year's winners are investing in and implementing emerging technologies, from mobile technology and Internet of Things (IoT) to food safety management, routing and scheduling, yard management and more. Today's software and technology offerings provide flexibility, efficiency, safety, visibility and more, and offer end-to-end management, from farm to fork, and beyond.

*"The supply chain management software segment is projected to reach \$18.04 billion this year, according to Statista. This includes all the emerging software solutions such as barcode systems, FinTech, inventory control, mobile technology, robotics, wireless technology and more," says Marina Mayer, Editor-in-Chief of Food Logistics and Supply & Demand Chain Executive. "These providers and their solutions being implanted to address challenges in the cold food supply chain, whether that be port closures, driver safety or just simple automating a process."*

Recipients of this year's award will be profiled in Food Logistics' Nov/Dec 2022 print issue. Go to <https://foodl.me/h27cmu> to view the full list of Top Software & Technology Providers. Go to <https://www.foodlogistics.com/awards> to learn more about other Food Logistics' awards.
