

FOR IMMEDIATE RELEASE

JTS Announces Information Technology Division Staff Changes

Fresno, CA – October 29, 2019 – JTS (Johanson Transportation Service), a leading third-party supply chain solutions provider, announces several promotions and additions to their Information Technology team, located in Tigard, OR.

Dave Hiersche has received the title of **Vice President of Information Technology Emeritus**. He has been directing the IT strategies and initiatives at JTS as Vice President since 1986. He developed the company's custom, proprietary operations system and oversaw all technology activities.

Steven Hankel has been promoted to **Vice President, Information Technology**. He is a 9-year veteran of JTS and had been managing all IT projects for the company as IT Project Manager. While in that position, he developed a SaaS Transportation Management System, moved the company's infrastructure to the Cloud, and strengthened the labor resources within the IT division.

Mark Whitcomb has received a promotion to the role of **Software Engineering Team Lead** and has been with the JTS IT division for 13 years, working on the company's operational systems.

Jonathan Lewis was promoted to the position of **Software Architect**. He is a 4-year veteran of JTS and will be designing software applications for the company using modern web technologies.

Cramer Smith was hired as a **Software Engineer**. He comes to JTS from Oregon State University.

Niko Ruiz comes to JTS from Portland State University and has been hired as a **Software Engineer**.

About JTS (Johanson Transportation Service)

JTS is a third-party solutions provider, licensed property broker, licensed ocean freight forwarder, and NVOCC. We help companies manage their supply chain with Justified Timely Solutions® that meet their unique business challenges. With a network of truck, air, ocean and rail intermodal transportation, JTS provides a full portfolio of domestic and international services, including logistics management, consulting and a JTS cloud-based TMS, which facilitates the online management of seamless supply-chain communications for its customers. JTS is headquartered in Fresno, CA and has six regional offices in the U.S., located in: Rocklin, CA; Salem, OR; Tigard, OR; Madison, WI; Orlando, FL; and, Winchester, VA. www.johansontrans.com
