TIA RECOGNIZES JTS FOR 35 YEARS OF MEMBERSHIP LONGEVITY

Fresno, CA – September 1, 2020– JTS (Johanson Transportation Service), a leading third-party supply chain solutions provider, announces that the Transportation Intermediaries Association (TIA) has awarded them with a member milestone of 35 years of longevity for their partnership with TIA, dedication to the industry, and for exemplifying a pioneering spirit that will push the freight transportation industry forward for years to come.

"Our support and continued membership with TIA are a true testament to the work that all of the staff, and the association, do for us every day. We would not be where we are today without TIA advocating, supporting and providing the resources for us to be successful," says Alicia Ruiz, VP Corporate Operations & Legal Affairs.

"TIA would not be the industry-leading organization that it is today without the support of our members – from those with just a few employees to those with more than 10,000," said Doug Clark, TIA Interim President & CEO. *"Thank you for your support and we look forward to continuing to serve you."*

TIA Members serve tens-of-thousands of shippers every day and play a key role in domestic and international commerce, with one out of every three of the largest shippers using one or more 3PLs to help them arrange for the movement of their freight. 3PLs arrange the shipping of all types of goods by cargo ship, airplane, truck, and rail. They do so economically and efficiently; adding value to the supply chain through cost savings, reducing fuel consumption, and cutting emissions.
